

Holstebro og Omegns Fiskeriforening

Thank you for your purchase of a fishing license for Holstebro and Omegns Fiskeriforening

We have put in a lot of volunteer hours to ensure the best fishing experience for you.

You just need to keep track of fishing rules and parking conditions in order for us to maintain the good relationship with our landowners. You can find the information at the following links.

With the purchased day pass, you can fish in Vandkraftsøen. You can fish on the beats marked in yellow and orange.

The map material can be found here:
